

# FISCAL YEAR 2023

## LOUISIANA IMPACT REPORT

Wounded Warrior Project® (WWP) began in 2003 as a small, grassroots effort providing simple care and comfort items to the hospital bedsides of the first wounded service members returning home from the conflicts in Iraq and Afghanistan. As their post-service needs evolved in their transition to civilian life, we've adapted our programs and services to support warriors and their families.

Your support connects injured veterans to life-changing programs and services and transforms the way our nation's veterans are empowered, employed, and engaged in your communities.

The following statistics represent state-specific WWP program activity and impact during the 2023 fiscal year (10.01.22 - 09.30.2023)

WWP advocates for the

# 272,805

veterans in your state\*

Economic impact of WWP Financial Wellness programs, such as Benefits Services and Warriors to Work:

# 8

Average hours of care each of these warriors receives per year:

# 294

Emotional support calls made to warriors and family members:

# 316

Participants in warrior-led support groups:

# 231

## WWP IMPACT

Your support ensures warriors like Deron never pay a penny for WWP's life-changing resources — they paid their dues on the battlefield.

“Wounded Warrior Project showed me there are others out there going through the same thing and I didn't have to face it alone — they have provided me and others a light at the end of the tunnel of recovery.”
